Legend

Item	Description
	Indicates data moving in an upward direction over time.
	Indicates data moving in a downward direction over time.
	Indicates data remaining constant over time or no trend data available.
	Indicates data with a combination of both challenges and successes.
	Indicates data moving in a negative direction.
	Indicates data moving in a positive direction.

Neighborhood Safety

Nearly 80% of ACTION telephone survey respondents felt “very safe” in their neighborhood. However, among homeless respondents, only 37% felt “very safe” and even fewer Spanish-speaking parents felt “very safe” (21%).

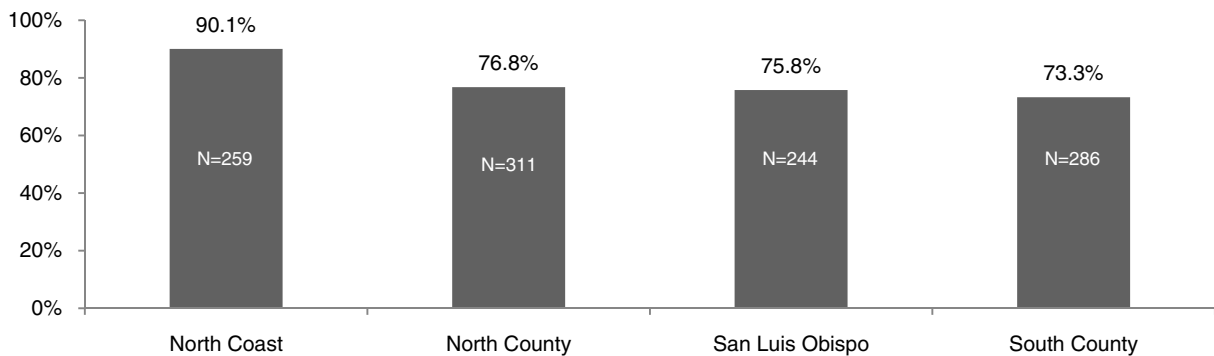

How safe would you say you feel in your neighborhood?

Response	1999	2001	2003	2006	2010
Very safe	73.6%	84.3%	87.2%	80.4%	79.9%
Somewhat safe	24.2%	14.7%	11.7%	19.0%	18.5%
Not at all safe	2.2%	1.0%	1.1%	0.5%	1.7%

Disaster Preparedness

The percentage of telephone survey respondents who store three days worth of emergency supplies decreased in 2010. The percentage of respondents with a disaster meeting place and communication plan increased. In households with members requiring special assistance, more respondents had made arrangements for emergency evacuation for them.

📞 In planning for a disaster, has your household stored three days worth of emergency supplies? (Respondents answering “Yes”)

Source: ACTION for Healthy Communities, Telephone Survey, 2003, 2006, and 2010.

📞 In planning for a disaster, has your household talked about where you would meet and how you would communicate with each other? (Respondents answering “Yes”)

Source: ACTION for Healthy Communities, Telephone Survey, 2003, 2006, and 2010.

☎ Is there anyone in your household who would need special assistance to evacuate in case of an emergency? (Respondents answering “Yes”)

Source: ACTION for Healthy Communities, Telephone Survey, 2006 and 2010.

☎ Has the person who needs special assistance made arrangements for someone to help evacuate in an emergency? (Respondents answering “Yes”)

Crime Rate for Selected Areas

The total crime rate for San Luis Obispo County was 25 per 1,000 residents in 2009. Total crimes have dropped 5% since 2001. However, for reported violent crimes, robbery increased 58% and for property crime, burglary increased 5% from 2001 to 2009. The highest crime rate in 2009 by area was Pismo Beach at 47 per 1,000 residents and the lowest area was Morro Bay at 17 per 1,000 residents. In the areas of Atascadero and Morro Bay total crime has decreased by one-fourth from 2001 to 2009.

Definition of Crimes¹

Homicide: the willful (non-negligent) killing of one human being by another. Murder and non-negligent manslaughter are included in this definition.

Rape: the carnal knowledge of a female forcibly and against her will.

Robbery: the taking or attempting to take anything of value from the custody, care, or control of a person or persons by force or threat of force or violence and/or by creating fear in the victim.

Aggravated Assault: an unlawful attack or attempted attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Burglary: the unlawful entry of a structure to commit a felony or a theft.

Motor Vehicle Theft: the theft or attempted theft of a motor vehicle.

Larceny: the unlawful taking, carrying, leading, or riding away of property from the possession of another (except embezzlement, fraud, forgery, and worthless checks).

Arson: any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

These offenses, chosen because of their seriousness and likelihood of being reported to the police by the public, are willful homicide, forcible rape, robbery, aggravated assault, burglary, larceny-theft, and arson.

Domestic Violence Calls

There were 601 domestic violence calls in the county in 2009, down from 887 calls in 2001. There were 286 domestic violence cases with weapons in 2009, a decrease from 547 cases in 2001. However, domestic violence largely goes unreported so data should be viewed with caution.

Domestic Violence Shelters

There are two domestic violence shelters in the county of San Luis Obispo. The first shelter is the North County Women's Shelter and Resource Center which has two locations in Atascadero and Paso Robles. It was originally created in 1985 by the women of AAUW as the first safe house in Atascadero. The second shelter is the Women's Shelter Program (WSP) in San Luis Obispo which began as a grassroots volunteer run shelter in 1977 and offers a comprehensive set of services for victims of Intimate Partner Violence and Child Abuse. The North County Women's Shelter served 44 women and 66 children in 2009-10, while the WSP in San Luis Obispo served 46 female and 47 children in 2009-10.

¹Child Abuse Treatment (CHAT) services for child victims of abuse, traumatized children and their non-offending family members include: Therapeutic services for long-term healing and recovery, Case management services to help families link up with community resources and support, and Effective child abuse prevention, intervention and treatment programs through partnerships created among local non-profit and social service agencies, schools, law enforcement, the District Attorney's office, medical providers, and the faith and business communities.

Child Abuse

San Luis Obispo County has seen a 56% decrease in total cases of child abuse from 2001 to 2009. However, the rate of substantiated cases for the county was still slightly higher than the state of California as a whole. General neglect accounted for 67% of child abuse cases in the county.

Senior Drivers

Currently, motor vehicle crashes are the leading cause of injury-related deaths among the county population ages 65 to 74³. Thus, it is important to maintain senior drivers' independence by providing adequate injury prevention education. Similar to the state of California overall, there has been a 16% increase in the number of senior drivers ages 60 to 99.
